

How would you like to be notified is there was an emergency in the City of Garfield Heights?

How about notifications for any City in Cuyahoga County?

ReadyNotify is a free notification system that can be used by anyone.

The following flyer is from the ReadyNotify web page. It describes the benefits of applying to this service. You will need a phone number and e-mail account to register. Don't have e-mail or a computer? The City of Garfield Heights has talked to the Garfield Hts branch of the Cuyahoga County Libraries and they said that they would be more than happy to help you set up an e-mail account. This service is also free. Once an e-mail account is set up and you are registered to ReadNotify you do not need to get back to the e-mail unless you need or want to. Notifications can be sent as text messages, phone messages, or e-mails.

Once this service takes off, the City of Garfield Heights will have the ability to send messages about local emergencies or general information to the residents. One great benefit is being able to sign up for several cities as long as they are in the county. This means you can get warnings to know what is going on in Garfield Heights or another city no matter where you live. This will help keep an eye on seniors and family residents. It even helps if you are out of town. If you were to get a notification you can make arrangements for someone to keep an eye your house or family members.

At minimal you will always receive an e-mail. If you feel that you are receiving too many types of notifications, you can always log back on the site and edit your options.

# At-A-Glance

## ReadyNotify

ReadyNotify is a mass notification system used to notify citizens, residents, and businesses of emergency situations, non-emergency events and provide information about necessary actions.

### **What is ReadyNotify?**

ReadyNotify is a mass notification system used by Cuyahoga County and participating municipalities to issue emergency notifications to the public.

ReadyNotify is primarily used for emergency notifications when rapid and accurate information is essential for your immediate safety; however you may choose to be notified of general Cuyahoga County Government News as well.

### **What Type of Notifications Will I receive?**

You can expect to receive notifications about:

- Emergency Events
- Cuyahoga County Government News
- Cuyahoga County Building Closures
- Water Boil Alerts
- Safety Messages
- Other Information

### **Did you know?**

Having redundant sources of emergency notifications on mobile devices will ensure you get the right message during an emergency

### **What Type of Information is Required to Register?**

Participation in the ReadyNotify Program is **voluntary**. A valid email and phone number will be needed to sign-up. During the registration process we will ask you to give us information about yourself such as your address, your primary language, and if you require any special assistance during an emergency event. Only information indicated with a star \* is required.

### **How Will I Receive Messages?**

When you sign-up in the system, you will receive emails as well as have the opportunity to choose how you want to receive additional messages. Additional messages can be delivered in the following ways:

- Cell Phone
- Home Phone
- Work Phone
- SMS/Text Messaging
- Fax
