

## Attention : All Soccer Players, Parents, Coaches & Referee's

This year we will be trying something new for soccer awards at the end of the season which will be held inside at the Dan Kostel Recreation Center, on Saturday, October 26th.

Being this is new we ask for your assistance to help things run smoothly so everyone has a fun day at the rink, inside where you can mingle with parents and players and not brave the outdoor elements.

Due to the amount of children in our program, we need to split up the 2 divisions as follows:

**Division A will be 2:00 pm—3:30 pm**

**Division B will be 4:00 pm—5:30 pm**

This will be conducted similar to our t-ball & softball programs, but instead of a swim/pool party this will be ice skating & awards party.

Each team will have a table in the lobby for snacks & awards, anyone wishing to ice skate can do so & go to the office to get skates.

When Division A is done we will have to have tables cleared off for Division B teams. We understand some families have children in both divisions, you will be allowed to stay for both, just that we will need you to sit in the bleachers in the rink, giving our staff the room to make the clearing and set up in between easier. We ask that you keep it very simple, such as pizza, bags of chips, and a drink, being that there won't be that much time per each division.

This will be opened up to the soccer player & their immediate family members only, coaches and referees also.

Please organize the snack items with your team parents as a group whereas everyone can bring a little something and not leave it all on the coach.

Please bring all supplies, etc. your team will need.

Players will receive their awards at this time.

Coaches, please return your equipment on this day.

Anyone skating—you must wear socks & bring gloves, temperature is fairly warm in the rink. If you have any questions, please call the office at 216-475-7272 or soccer commissioner Todd Piskach @ 216-496-3562.

Keep in mind—Indoor Soccer/Futsal signups will be in December.

**Thanking You in Advance**
